Welcome to Prosperity Crossing

Welcome to Cabarrus Family Medicine-Prosperity Crossing. Whether you are a current patient of ours or someone looking for a new medical home, we appreciate the opportunity to share some information about our practice.

As Family Medicine doctors, we take care of a broad range of acute and chronic medical problems. We also conduct wellness visits to keep you up-to-date on services you may need in order to maintain health and prevent common medical problems. We provide medical care for people of all ages, and would like to be the medical home for multiple generations of your family.

Two leading goals drive our practice at Cabarrus Family Medicine-Prosperity Crossing: to provide high quality healthcare, and to deliver this service in a way that is built around you, the patient. Both a team of excellent staff and our use of healthcare technology contribute to our ability to meet these goals. The key to your healthcare experience here is your opportunity to develop a relationship with a personal physician who will be available to you, and actively involved in the medical care you receive, both while in and outside of our office.

Please review our website or contact one of us directly to learn more about the healthcare you can expect to receive at Cabarrus Family Medicine-Prosperity Crossing.
